

Connecting to others in community is especially important during a time like this.

You can help by launching a Virtual Life Group!

HOW TO LAUNCH A VIRTUAL LIFEGROUP:

1. Choose a date, time, on-line platform (Zoom, Skype, Google Meet, etc.) and invite family, friends, co-workers and neighbors to gather with you on-line.
2. Watch the weekly sermon on-line at www.bayarea.church/live or on our Facebook page.
3. Download the Weekly Discussion Guide at www.bayarea.church/live.
4. Host the virtual gathering taking time to share together, pray for each other, discuss the message, laugh (a lot), and see how you can care for one another during this time.

We'd love to hear about your group and help in any way we can. If you are interested in launching a Virtual LifeGroup, please let us know by completing this form at www.bayarea.church/virtualgroups.
